

PREMAX TENT EQUIPMENT

UPRIGHT AND RIDGE POLES FOR EVERY TENT

The lightest, strongest and easiest to erect tent supports made! Made in five practical designs, Premax Uprights and Ridges are properly proportioned, carefully designed and guaranteed for the jobs they are built for. Made of high-carbon steel tubing, finished in attractive green epoxy enamel. The sections telescope one within the other and the exclusive Premax locking device permits secure adjustment at any height or length. Ideal equipment for trailer awnings and canopies.
